Personal

I first tried Photoshop as a child, and I've been drawn to the visual world ever since. I love art and enjoy creating myself. I like to experiment and am always eager to learn new things. I play the guitar, draw, paint, do 3D, and sometimes I even do a bit of programming. I'm usually working on something – if I'm not studying, I'm creating.

SKILLS

SOFTWARE SKILLS

exPeRIence

Line Leader

Samsung SDIHU, Hungary

Mar 2021 - May 2024
