

Dear AMB Board,

The opportunity to immerse myself in the dynamic art scene of Budapest and gain hands-on experience within the art market is a captivating prospect for me. Despite it does not align seamlessly with my educational background or professional experience, I have always had a deep-rooted passion for the arts, and I believe that this internship would not only allow me to explore my interests in art business, but also provide invaluable insights that could potentially reshape my future career trajectory.

Moreover, engaging with industry professionals and participating in the cultural exchanges that Budapest offers will enable me to navigate the complexities of the art world and develop a nuanced understanding of market dynamics, ultimately equipping me with practical skills and experiences that are often lacking in formal academic programs.

Currently I reside in Prague where I have been working as a Services Purchasing Specialist in a local company. By the 20th of September I will be relocating to Budapest, where I plan to pursue this internship opportunity. Before that date I can be involved in your work distantly (online – if it is possible).

My key capabilities that can be of use during Budapest Art Market internship include:

- > Excellent written and verbal communication skills in English, Russian, (Czech and Turkish at intermediate level)
- > Proficient in InDesign, Photoshop, MS Office suite, including advanced Excel and PowerPoint skills;
- > Thanks to my experience in managing multilingual translation projects, I feel pretty well in navigating cultural nuances and diverse perspectives of multicultural projects;
- > Because of my background in Purchasing and Supply Chain management, selection the right supplier for the right work is another my strength;
- > Strong managerial skills are a key asset I can bring to the table;
- > I am fast learner, always eager to take on new challenges and expand my skillset.
- > I have creative attitude to any task. I approach each project with enthusiasm and a desire to deliver exceptional results.
- > I am result oriented. Do not give up until I find the best solution to any problem.

I sincerely hope that my abilities will meet your needs, and I'm excited about the chance to support AMB.

Thank you,

Günel
